

## RPAC: Why Contributing Your Fair Share Is Important

### **Don't Uncheck the Box on Your Dues Bill**

**We are the REALTOR® Party** – not Republican or Democratic. We help elect the candidates that vote for or against issues important to REALTORS®. **We are ONE collective voice heard loudly by Congress both at the state Capitol and in Washington.**

**Were any of these recent accomplishments at the state or Federal level worth \$25/agents or \$99/Brokers?**

- Getting the flood insurance program extended for 5 years
- Reducing your legal liability when providing square footage
- Defeating the required 20% down payment as part of the Qualified Residential Mortgage (QRM)
- Saving the mortgage interest deduction
- Keeping the FHA loan limits at their current levels
- Defeated legislation that would have prohibited you from using binding arbitration to settle disputes
- The passage of the bill that allows you to be compensated for BPOs.

**If even *one* of the above was worth your \$25 or \$99 Fair Share investment, *don't uncheck the box on your dues bill.***
